Hi Darryl—welcome!

Stellar—I'll put your name down and follow up next week with more details and a meeting invite.

Thanks!

JR

Subject: COMPASS Research Mentorship Program Request

Greetings esteemed Colleagues—and Welcome Back!

As a reminder, we are rolling out COMPASS's first incarnation and iteration of the Research Mentorship Program in conjunction with Dr. Emily Faulconer's NSF research mentorship-related grant.

We are looking for faculty who would like to act as research mentors, to provide guidance and direction to undergraduate student researchers. These activities would neatly fall within a faculty member's Service area and would not be onerous with regards to time commitment.

If you would be interested, or believe you would be of great benefit to these young researchers, please notify me soonest so we can connect and discuss the Program and onboarding.

Thank you for your consideration in this important matter.

If you have any question or concerns, please contact me.

JR
