Darryl,

Your proposal "Developing Autonomous, Targeted Feedback in Precalculus" has been reviewed by the Faculty Seed Grant Review Committee and was recommended to Campus Leadership for funding. There were a very competitive slate of proposals for review cycle 1, congratulations on this accomplishment of securing funding to advance your work. \$4,069.00 is now set aside for your use in cost center 31304.

I would like to work on finding a time next week to meet and discuss processes and plans for your award. Please let me know of your availability. Again, congratulations.

Jeremy
